how have women in many muslim majority countries been able to achieve surprising success despite the significant constraints imposed by conservative gender ideology and authoritarian political parties and systems through a comparative focus on iran and turkey mona tajali examines the activities and strategies of women s rights groups across the ideological spectrum she explores how various groups have negotiated with political elites in order to bolster female

political representation and identifies the conditions that stimulate greater support to ease women's path to political office studying how women's groups manoeuvre within these structures is important to help our understanding of the gendered politics of autocratic regimes

this book provides an in depth exploration of women's resilience leadership and empowerment through indigenous knowledge and their crucial roles in various socio cultural contexts across the world it challenges the conventional narrative highlighting the strength and resilience of indigenous women in their communities that are historically marginalized by interconnecting knowledge tradition and justice the volume addresses the contribution of indigenous women in fostering the social change which has been often unnoticed it provides a fresh insight on key topics such as indigenous knowledge indigenous resilience women roles in traditional and patriarchal societies women empowerment community based women's organization social capital and community support it also discusses the challenges of indigenous women in patriarchal and market driven societies recognizing the scarcity of literature particularly on resilience of indigenous women and leadership in promoting social change this book sets out to expand the existing framework of leadership and social change through this nuanced analysis this book recognizes the invisible contributions of indigenous women in advancing their communities and broader societies

the author offers an in depth view of english women in the maryland colony mostly in the years from 1634 to 1713 religious conflicts had a pronounced effect on women and their families in early modern england but in the new world gender relations and family formations were largely unhampered by the unsettled political and religious climate of england in maryland english arminian catholics particular baptists presbyterians puritans quakers and roman catholics lived and worked together for most of the seventeenth century by examining thousands of wills and other personal documents this study depicts women's place in society and the ways in which religious values and social arrangements shaped their lives

ultimately cohn argues women are the protagonists of this book whether the issue is their support of other women or the resolution of conflict in the streets of florence the control of their own dowries or the salvation of their own souls
